

دانشگاه علوم پزشکی و خدمات بهداشتی درمانی استان همدان
دانشکده دندانپزشکی

آخرین مدرک تحصیلی: دکتری تخصصی

رتبه علمی: استادیار

نام و نام خانوادگی: فریبرز وفايي

تاریخ تولد:

گروه آموزشی: پروتزهای دندانی

پست الکترونیک: s_shojaei_umsha@yahoo.com

آدرس محل کار: همدان، خیابان شهید فهمیده، روبروی پارک مردم، دانشکده دندانپزشکی، گروه آموزشی پروتزهای دندانی

تلفن محل کار: ۸۳۵۴۰۱۶ - ۸۳۵۴۱۴۰ - ۸۳۵۴۲۵۰ دورنگار: ۸۳۵۴۲۲۰

EDUCATION

- Post graduate in prosthodontics , shiraz university , 2005
- General dentistry shahid beheshty university Tehran 2001

WORK EXPERIENCE

assistant professor of Dental collage of Hamadan university of medical science 3 years

Private dental office 8 years

LANGUAGES

Persian as main language

English as second language

RESEARCH

1. Analyze of force distribution in Bar versus o-ring splinted implant supported overdenture : a finite element analysis

2. Comparison of matching accuracy of color blind and normal students of Hamadan dental collage with 3d master and vita lumin (classic) shade guides
3. Comparison of contour and color discrimination in digital photography Vs. direct clinical view
4. Evaluation of microbial contamination in pumice powder and slurry in dental laboratory of Hamadan in 2007
5. Evaluation of dental student tendency toward computer based and paper and pencil exam results.
6. Analysis of force distribution in overdenture traditional treatment plans
7. Analysis of cement effect on final shade of ips empess different shades
8. Analysis of ceramic aging on shade of ips empess
9. Analysis of cold and heat cured base acrylic on staining of denture tooth
10. Analysis of different staining agents on staining of denture tooth
11. Analysis of different flask material (gypsum Vs. silicon) on staining of denture tooth
12. Analysis of facture load of maxillary central incisor restored with fiber post ;clinical test
13. Analysis of facture load of maxillary central incisor restored with fiber post ;photo elastic and finite element analysis
14. Evaluation of effect of disinfectants on surface roughness denture base acrylic resin

PAPER PUBLISHED

- 1- Comparative Stress Distribution of Implant-Retained Mandibular Ball-Supported and Bar-Supported Overlay Dentures: A Finite Element Analysis; J Oral Implantol. 2010 Aug 16.

2- Multiple in vitro analyses of maxillary central incisors restored with fiber; Iranian Endodontic Journal 2010;5(3):59-63
